DEAR MR. WEISBERG;

I Really enjoyed Whitewash #4. It was exciting and interesting. I only regret that it did not contain more of your writing. Enjoy your Books so very much, The Books are never long enough! Studying the JFK Assasination is one of my FAVORite Hobbies.— And you are, without doubt, my favorite Author in this field. Since 11-22-74 and publication of WH III there has come The public outcry and The intensified investigation of The C.I.A. Perhaps This recent sensationalism of The CIA and other Government ~~Agencies~~ officiating will enable you To publish Agent OSWALD. CAN we hopefully expect Agent OSWALD and Post mortem Soon? I certainly hope So!

I Enclose clippings

from the newspaper. I do hope they will interest you.

The Dick Gregory article shows what appears to be WATERGATE Figure E. HOWARD HUNT in, supposedly, DALLAS on 11-22-63. Apparently either with or in the custody of the police. In this instance I regret I threw away CLARENCE Kelly's and the FBI's contention that the photograph ~~he~~ is not that of Hunt, mentioned in white-wash II.

The FBI memo ~~mentioned~~ on the OSWALD Impostor reminds me of whitewash I AND ONE. Mr. Weisberg, these memos and documents, "Discovered in the NATIONAL ARCHIVES ~~by~~, here by a PRIVATE RESEARCHER," is it possible that unnamed PRIVATE RESEARCHER is you?

At any rate, I do hope I am not bothering

you with my letters.
Quite FRANKLY, I'm not certain why I am FASCINATED
BY THIS SUBJECT. I have
NO PARTICULAR love FOR
JFK. SORRY he is DEAD,
BUT..... I DAYDREAM A
lot ABOUT YOUR BOOKS AND
the ASSASSINATION. YOUR WRITING IS captivating.

Sincerely hope you will
have A new Book out soon.

Sincerely,

Terry Hamblen
